**EDITORIAL** - The new look printing for the March MAR seems to have been accepted without too much comment - one person did not like it and two preferred it to the old style. Which probably shows that what is inside the covers is what matters to the majority of readers - and that has not changed.

The question of the new UK Section Editor was rapidly resolved with Mick Boulanger taking over from Graeme after this issue so, with immediate effect, please send all UK news, visitors, reports, etc to Mick at "[mickboulanger@gmail.com](mailto:mickboulanger@gmail.com)" or to **27 Tudor Road, Heath Town, Wolverhampton, West Midlands WV10 0LT**. Mick is well known to most of you through his work in the Wolverhampton Aviation Group and the UK Serial website as well as his many other projects on UK military matters. Hopefully, this will be the start of a long partnership with MAR (he is already a regular contributor to @MAR).

With Mick's arrival on the editorial team, it is only fitting that I extend a huge thanks to Graeme for all his regular UK sections in MAR (and before that in Strobe) for the last twenty years and to Caroline, his wife, who has typed up the section over the years. A lot has happened in those years and Graeme has faithfully recorded it all for MAR - a very big thank you to you both! I have no idea what they plan to do with all their new found spare time they will have, but I hope they enjoy it to the full!

It is indicative of the changes that have affected the contents of the magazine during that time - the UK Section is now around half of what it was when MAR started in the mid 1990s. This is entirely due to the massive reductions in aircraft numbers and bases that have occurred during that time, while the advent of the internet and email has vastly increased the contributions to the contents!

**COVER PHOTOGRAPH:** New arrival at NAF Atsugi - CO of VAQ-141 with his specially painted EA-18G Growler 166928/NF-500 on March 24th (Masanori Ogawa)

**Closing date for the May issue is 08.05.12      Brian Pickering 16.04.12**

## **BRITISH REVIEW**

Well, what can I say! This is my final section as British Editor as due to heavy work commitments I am handing over with immediate effect to a very willing and capable Mick Boulanger who has come forward and offered his services to Brian. Many of you will recognise the name or already know Mick from his work with the Wolverhampton Aviation Group, UK Serials, Demobbed or his new Jet Provost website. He has superb knowledge of British Military and I am confident the section will expand under his leadership and your continued support.

I have thoroughly enjoyed my time over the last twenty years and have made many new friends. Your support has been fantastic, there are just too many of you to list individually but each and every one of you who has sent in reports over the years has made a much valued contribution.

So from Caroline and myself, we send our very best wishes to you all. Caroline, who will now have some much needed spare time will be able to finish the book she started reading years ago and our dog, Bella, will benefit from longer walks in the woods!

## VIETNAM

**GIA LAN AFB, HANOI:** Seen here on March 23rd (assumed with the 918th Transport Regiment) were -

An-26:           239    268    272    286    287  
                  ?      260    272    281    282    (all stored with faded serials)

Passing the northern end of the runway in a clockwise direction you will see some new yellow coloured 3 storey buildings. Take a right turn off the main road towards these, then follow the road around to the left. The Antonovs will come into view. Only the tails and tops of the fuselages can be seen from here.

**NOI BAI IAP, HANOI:** Noted here on March 23rd were Su-22M-3s 5858 & 5867, they above were 2 out of 6 parked in a long row of about 20 shelters on the far side of the runway, bright blue in colour, with serials in red below the cockpit. Parked further along in the open, and seemingly stored, were 10 silver MiG-21s all with covers over the cockpits.

**TAN SON NHUT AFB:** Noted here on March 22nd (assumed with the 917th Transport Regiment) -

An-26:           251    252    261    267    271    279  
An-28:           311  
Mi-8:            7847   8423

Also seen here were another An-26 and Mi-8 with no visible serials, a hangar containing 2 An-26s on major overhaul, and another hangar containing at least 4 L-39s? All these were visible and read off from the 11th floor "Moonlight Cafe" rooftop bar of the office block opposite the main terminal. First 4 floors are a shopping center, then offices, then a cinema, and then the cafe on the roof.
