EDITORIAL

This month's magazine is a few days earlier than usual and we hope to be able to maintain this schedule for future issues, to help the Editors achieve this we do need your reports in by the closing date of the 8th of each month (or earlier if you can). The December issue will be critical as Christmas Day falls on a Tuesday which means that our printers will be closing down for the Christmas Break on the 21st - so, please, try and get your reports for the December issue in really early - thanks!

2013 subscriptions are coming in at a steady rate and can I mention that if you are using the MAR web site to re-subscribe please make certain that you go to the Pay Pal facility and make your payment after you have entered your details - a small number have clicked on the Credit Account button in error. Use the Pay Pal facility and you can then pay for the subscription with any card you wish.

To clarify one point on the PDF files that can be found for downloading at the MAR web site - the 2012 files will be removed from the site on the following dates:

MAR PDF January 13th @MAR PDF January 30th

Please note that these dates have changed slightly but make certain that you have downloaded all the files by these dates as any requests received after the dates for ones you have forgotten to download will **NOT** be treated sympathetically by me!

Our plea for more illustrations for MAR last month produced quite a number of new members sending in scans for possible use - photos for MAR are always welcome and should be JPEGs with a minimum size of 15x10cm at 300 dpi!

COVER PHOTOGRAPH: A striking special scheme on F-15J 92-8911 at the Hyakuri airshow on October 21st for the 20th anniversary of the type serving with the 305 Hikotai (Masanori Ogawa)

Closing date for the December issue is 08.12.12

BRITISH REVIEW

Another chapter has been written in the history of the VC-10. This time it is the final mission for the aircraft type to operate on Operation Herrick duties. These duties have now been taken over by the 216 Sqn Tristar fleet. It is believed that the last aircraft to perform this role was ZA148/G VC-10 K.3 when it returned to Brize Norton on 07.10.2012. Two more VC10 C.1Ks have been dispatched to Bruntingthorpe for spares recovery and finally scrapping. These were XV106/W as "RRR869" and XV108/Y as "RRR845" on 07.11. That just leaves XR808 as the sole remaining C.1K from the original fourteen C.1s delivered, the first being XR808 on 07.07.1966..... Mick Boulanger (Military movements is history, now and for our future)

WIESBADEN, GERMANY: News regarding the based units -

G/52 Avn Rgt The original 2 UH-60As, 86-24538 & 87-24643, seem to be the only two permanent ones. UH-60A 89-26165 departed on October 1st, while UJ-60A(C) 88-26037 arrived on the 1st or second then left on the 10th, 86-24551 arrived around the 20th but left 5 or 6 days later, then 88-26071 was present between 27th and 30th. The latter was G/52 AVN and the first two were both with A/1-214 AVN at the beginning of 2012.
