EDITORIAL

This is the last issue of MAR in 2012 - a year that has seen some significant changes. The most important one was the arrival in the Section Editorial seat of Mick Boulanger, who has taken over from Graeme as the UK Section Editor. I have to thank him for bravely taking on the task at quite short notice and I am pleased to say he has produced an excellent section from the outset. He is still adding to and tweaking the section and this should become obvious when you see the new UK Review in the January issue!

Many thanks to everyone who have renewed their 2013 subscriptions - there are still a number who have not done so yet and I must stress that we will only be producing January paper versions of MAR for. After the January issue we will not have any spare copies left for those people who have delayed renewing. So, please get your payments off to me as soon as possible.

For those who get the PDF versions of MAR and @MAR will you please make certain that you have downloaded all copies that you need by January 15th for the MAR PDF copies and January 30th for the @MAR copies (you should certainly consider a back up copy of the files as well - accidents do happen).

Finally can I wish you all a Merry Christmas and a Happy New Year from Chris and myself and all the section editors !

COVER PHOTOGRAPH: VMA-542 AV-8B 165312/WH-01 in a striking special scheme on approach to NAF Atsugi on November 3rd following a local flight (Masanori Ogawa)

Closing date for the January issue is 08.01.13

BRITISH REVIEW

Well the end of 2012 is almost upon us and what a strange year it has been for me. This time last year if someone had said I would be the UK Section Editor for MAR, I would have called them crazy. But here I am. It was a massive task to undertake, but I have to say it has been a great pleasure. The amount of people who send me logs grows by each day and without them writing the UK Section would not be possible. I would like to personally thank you all but that would be impossible, but you know who you are, many thanks. Finally I would like to wish everyone a Merry Christmas and a prosperous New Year....

Mick Boulanger (Military movements is history, now and for our future)
