EDITORIAL

Another year is drawing to a close - and quite an eventful one when one looks at the US scene (or should that be uneventful!). Moray has had a few reports from the USA but he is hoping for more to go into the US Section in December, so please get your reports in!

Subscriptions are coming in at a steady pace - but please try and get them in before the Christmas break as I have a lot to do at the end of December/beginning of January and coping with hundreds of subscriptions makes life more difficult for me.

Can I remind all readers who take the PDF versions of MAR (and also @MAR) that the 2013 issues will be removed from the website by the middle of January in order for the first 2014 issues to be uploaded. So please get your issues downloaded to your PC and saved - we DO NOT supply issues after that date if you have failed to save them in time. On a similar thread, I would suggest that you back up your PDF copies somewhere safe in case you have a hard drive failure - the alternative is to pay for a CD for the years you have lost (like a paper issue of MAR - if you lose it or ruin it you have to buy a new paper copy, so the same applies to a PDF issue (or issues)).

COVER PHOTOGRAPH: Specially marked JASDF F-15J 42-8832 of 203 Hikotai at Senkyo 2013 at JASDF Hyakuri on September 30th - fin markings include squadron number and exercise name (Masanori Ogawa))

Closing date for the December issue is 08.12.13

BRITISH REVIEW

It has been announced by the Prime Minister's Office that the **Annual Summit of NATO** is due to take place at Newport's Celtic Manor next year. This would mean the visiting aircraft should be using Cardiff Airport, with the President of the USA, President of France and Chancellor of Germany due to attend.

A few Squadron changes have come to light this month, they are: -

8 Flight based at Credenhill was reformed to 658 Squadron on 01.09.2013 operating the AS.365N3 and Gazelle aircraft.

652 Sqn, previously at 1 Regiment, Gutersloh have reformed at Yeovilton to operate the Wildcat AH.1.

848 Naval Air Squadron will disband on 19.12.2013 at Yeovilton.

A special celebration took place on 04th October 2013 for **1 Regiment** at the Princess Royal Barracks, Gutersloh, this was to mark the end of AAC flying in Germany and then the last three 1 Regiment Lynx AH.7s departed back to the United Kingdom.

Finally, due to ongoing issues with my Gmail account, some sections are not as comprehensive as I wanted to make them, so hopefully I will be able to catch up with the movements....Mick Boulanger (Military movements is history, now and for our future)

All of the Sea Kings have now been retired and replaced by EH-101s, and they seem to be in the process of transitioning from the AB-212ASW to NH90s. Although there were two 'active' examples of the AB-212ASW in the small static display, the way that young children were being allowed to 'play' in the cabins and cockpit made one wonder if they had not been withdrawn from use. Sadly the stored SH-3s and AB-212s remained securely locked away in the virtually spotter-proof green temporary hangars. Although they have side doors awith perspex windows, the perspex is badly crazed and this, plus the angle of the sun made it all but impossible to see anything inside, but at least two of the 5 buildings definitely contain helicopters, whcih appeared to be in good condition - stored for possible sale? Visiting was ATR-42MP (MM62170)/10-01 of 3 Nucleo.

B/1 MIB: The unit received a new RC-12X in mid October when 92-13120 arrived.

158 AVN: The visiting 158 AVN UH-60s carry (as do virtually all 12 CAB helicopters) 12 CAB markings on the engines. However, as the markings are in black they are virtually invisible from a distance. But, A/1-214 AVN UH-60s carry their markings on a light grey disc so are more easily seen and most of the B/5-158 AVN CH-47Fs are in a light brown scheme so their 12 CAB black badge can be seen too.

ST JOHN'S, CANADA: Noted in October were (with thanks to "http://stjohns247.blogspot.com/" (the direction, East or West, is in brackets at the end of each line) -

MAP ORIGINAL SLIDE LISTS

Each month MAP produces a new Original slide list with 250 military slides and 250 civil slides detailed

The slides cover all varieties of aircraft, large and small, civil and military and feature slides taken in the 1970/80/90s
This is not an auction - the slides are priced at between £1 and £5 depending upon their rarity and normally there will only be one slide available (so it is first one to get their order in gets the slide)

The current list can be viewed at www.mar.co.uk

or if you wish to be placed on our mailing list email me at brianmap@btinternet.com
