EDITORIAL

This is another 64 page issue - with a large UK section, which includes the missing pages from the July section where we ran out of space. Because the UK section is so large this month (covers Culdrose, Fairford, Farnborough, Waddington and Yeovilton air shows!) we have had to cut back the Foreign section by over 50%. The missing countries will appear in the September issue.

The fact that we have so many reports to include in the standard issue size of 64 pages is very good news - please keep all the reports coming in! Remember, if you are visiting a show (both in the UK and overseas) can you please send in a report as coverage can be sporadic! If you are sending in a report please send in as much information as possible - eg serial, code, type, unit, special markings, location at the show and any other information that is possible.

As the European spotting fraternity makes its annual pilgrimage to the USA in September and October, please remember to send in your reports from wherever you visit - airshows, base visits and, even, the odd military aircraft seen at civil airports and airfields from your travels. Also, please keep sending in the photo coverage from your travels - these are very welcome and allow us to increase the size of the PDF version of MAR with extra photo pages each month!

COVER PHOTOGRAPH: Specially decorated Turkish AF 141 Filo F-16C 91-0011 displays at the RIAT Air Show at Fairford on July 12th (Rod Burden)

Closing date for the September issue is 08.09.14

BRITISH REVIEW

I start this month with the news that 203(R) Sqn will disband on 14th September 2014, this will end sixteen years of duties as the Sea King Operational Conversion Unit at RAF Valley. 22 Sqn are due to disband during mid 2015. Another disbandment is 654 Sqn based at Wattisham on Apache AH.1 during a parade on 08th July, this is part of the Army 2020 reforms which has seen 4 Regt reduced to just two Squadrons. 654 Sqn formed in 1942 in North Africa and Italy and has since operating the Apache AH.1 since 2007, during which the Sqn has deployed to Afghanistan four times. No.702 Naval Air Squadron at Yeovilton stood down on 01st August and the will join up with 700W NAS on the 01st September operating the Wildcat HMA.2. The newly reformed Squadron will be called 825NAS and based at Yeovilton. 815NAS Yeovilton will receive their first Wildcat HMA.2 in late 2015 but will continue to operate the Lynx HMA.8SRU until it's out of service date of 31st March 2017. It has also been announced that the Sea King ASaC.7 will continue to operate until the summer of 2018.....Mick Boulanger (Military movements is history, now and for our future)

VX281/120-VL Sea Fury T.20S suffered an engine failure at about 2,000ft during its display, with extremely professional flying, the pilot made an emergency engine off landing, he did not lower the undercarriage until the last second to avoid the aircraft from stalling, unfortunately the starboard undercarriage did not fully lock and it collapsed when it came in contact with the runway, causing the port undercarriage to also collapse. The aircraft veered onto the grass where the pilot made his escape. Hopefully the aircraft can be rebuilt by the Royal Navy Historic Flight and return to next year's air show circuit.

Rancagua - (7.14) Cessna R172K 112 has been placed on display at the Army Aviation School. It was registered as CC-AKM in November 2013 for the local Army aero club (and indeed wore this registration taped on for a while), but apparently paperwork issues prevented it flying as such.

Santiago – (8.14) The Liceo Alberto Widmer at Camino Rinconada 816 in the Maipú district has acquired an as yet unidentified Embraer EMB.111AN from the Navy. Photos show the hulk of the SH-34J in the background.

CZECH REPUBLIC

Hradec Kralove - (6.14) Good news for those who need one (me!) or both of the MiGs which used to be stored in a HAS here. Both are now sitting out at the far north end of the airfield, on the west side of the runway.

DENMARK

Egeskov Castle – Correcting EMOOS, and with thanks to Richard Bowden, Tiger Moth NL913/(OY-BAK) at the Egeskov Veteranmuseum is actually NL993 in false marks. The error dates all the way back to 1955 when this aircraft was registered to the North Downs Gliding Trust as G-AOFR. Unfortunately the Gliding Trust incorrectly quoted its “c/n” as NL913, when they had actually acquired NL993. This error has never been corrected....

FINLAND

Helsinki/Vantaa IAP - (6.14) The Suomen Ilmailumuseo has completed restoration work on IVL Haukka I HA-39 and it is now on display in the main museum.

FRANCE

(77) Lognes/Emerainville - (7.14) Yak-52 F-WRYJ was seen here during July. It was wearing engine covers marked RA-1070K, although it is not yet 100% confirmed that this is the correct former identity.

Tolworth, Surrey – (7.14) Harrier GR.3 XZ130/A can still be found with No 1034 (Surbiton) Sqn ATC in Queen Mary Close. However, it is going to be disposed of due to the usual 'Elf and Safety' concerns.

Continued Existence:

- 7.14 **Carlisle, Scotland** (Gnat T.1 XM697/G-NAAT), **Netherley, Scotland** (Hunter T.7 N-315), **Peterhead, Scotland** (Lightning F.3 XR749/DA), **Swanwick, Hampshire** (Harrier GR.3 XW917).

USA

Atwater/Castle Field CA – (6.14) The Castle Air Museum has acquired Lockheed PV-2 (37216)/NL10PV, formerly stored at Schellville/Sonoma Valley Airport.

Batavia/Clermont CAP OH – (7.14) A new exhibit at the Tri-State Warbird Museum arrived on 16 July 2014. It is TC-45H (51-11529)/N7826L, last heard of at Cartersville GA.

Davis Monthan AFB AZ – (7.14) The latest disposal sales from here include:

F-16A 78-0007, 79-0405, 80-0482, 80-0521.

UH-1H 62-2107, 65-9789, 65-9814, 65-9909, and “A23828”.

As expected Harrier GR.3 XV804/O arrived for the Pima Air Museum on 6 August 2014.

Dover AFB DE – (7.14) The Air Mobility Command Museum seems to have acquired T-37B 56-3576, a former USAF recruiting aircraft. It was seen dismantled at the museum in July, having been earlier noted in January 2013.

Hickory RAP NC - (8.14) The Hickory Aviation Museum has a new exhibit in the shape of TF-9J 142985 F/00. It arrived from Tuskegee AL on 5 August 2014.

JB Lewis-McChord WA - (7.14) Correcting USAMOOS, the twin Beech here is not 52-10613. It is UC-45J (89484/N40093) which came from Fargo ND and is painted to represent a former 62nd TCS aircraft. Another change to the collection is that OA-10A 434033 is now outside.

Martindale AAF TX – Correcting last month, the Huey stored on the ramp of this heliport cannot be 70-16478, as this is stored with NWH at Olympia WA, registered N431NH. It is highly likely to be 70-16479, which has been reported as preserved in the past. Sadly most people that go to Martindale seem to report it as being 70-16478, whether or not they actually read the serial at the time.

McMinnville OR - (7.14) Correcting USAMOOS, the displayed MiG marked 22 black at the Captain Michael King Smith Evergreen Aviation Educational Institute is actually ex Chinese MiG-15UTI 83238, which explains why it has Chinese script inside various bays. SBLim-2 (271/NX271JM) is/was in storage. It had an owner change to Fort Myers FL in August 2013 so may well have gone.

Meridian MS – (6.14) T-2A (147516) is still preserved in the town. Its modex is now A/100.

New York City NY – (7.14) The USS Intrepid Museum is at Pier 86, West 46th Street.
