EDITORIAL

Apolgies for the smaller size of this issue - due to several regular contributors being away on holiday. This affects the US in Europe section in particular but we will be back on schedule with the October MAR.

With this issue you will find the **2015 Subscription Forms** - the 2015 rates are unchanged (although Royal Mail do their best every year to make an increase in the cost of the paper magazine look more imminent!). The web site at www.mar.co.uk has the new rates on it and you can use the Pay Pal facility to re-subscribe there (PLEASE NOTE Using this Pay Pal facility does not mean you have to have a Pay Pal account, you can pay using any debit or credit card you can think of!). The Renewal form is also available to download from the MAR Members area on the web site when you enter to download the latest PDF magazine. Finally, for any members renewing using a **cheque** for payment will you please ensure you make the cheque payable to "**B PICKERING**" as we are no longer using the MAP account. Thanks for your help!

You will also see that on the form (and the web site) that the latest 2014 MAR and @MAR CDs can also be ordered for delivery in January 2015. Obviously, if you get the paper version of MAR you are also entitled to get the PDF version free!

BRITISH REVIEW

A new UK Serial has been issued; this is PS001 which is an Airbus Zephyr 7 which is a lightweight solar powered High Altitude Pseudo-Satellite aircraft. It recently undertook an eleven day non-stop flight from an undisclosed location. It was reported that some of No.2 Squadron have departed from RAF Marham during the last week of August to the French Air Base at N'Djamena in Chad so that they can be used in the intelligence, surveillance, targeting, acquisition and reconnaissance (ISTAR) role in support for the hunt for the Nigerian School girls that have been kidnapped by the Islamist group Bokum Haram. Another deployment by No.2 Sqn Marham is Operation Shader. No.2 Sqn crews deployed on 12.08 with six Tornado GR.4s to Akrotiri, Cyprus to carry out reconnaissance missions over Iraq. Finally Operation Herrick duties previously untaken by 9 Sqn has been handed over to 31 Sqn.....Mick Boulanger (Military movements is history, now and for our future)

RAF LEUCHARS - With the end of the last active RAF Squadron here with 1 Sqn being relocated from Leuchars to Lossiemouth on 08.09.2014, this brings the end of the regular monthly reports from our long standing team of local enthusiasts and Leuchars Aviation Group, people like Waldorf & Statler, Gazza, and Derek Ramsey plus anyone else I have missed. May I publicly thank you all for the hard work you have put in each month without fail, well done guys.

Notes: The last three Typhoons on 27.08 diverted from Coningsby to Waddington due to the activation of the fire alarm system in Coningsby Air Traffic Control Tower, all aircraft later returned to Coningsby later that day.

The Runway rebuild project will commence mid-September 2014 and continue for a period of 59 weeks. Conducted in 3 phases the existing runway will be dug up section by section, the contours levelled and the surface relayed. The four aircraft types and a small number of supporting personnel will deploy to alternative RAF bases; those being 5 Sqn Sentinels and 14 Sqn Shadows to Cranwell, 8/54 Sqn Sentry AEW.1's to Coningsby and 51 Sqn's Rivet Joint to Mildenhall. They will all return to Waddington once the rebuild has been completed in November 2015

EXERCISE PITCH BLACK 2014: Exercise Pitch Black (August 1st to 22nd) is hosted by the RAAF every two years and participants utilise the Delamere Firing Range and Bradshaw Field Training areas in the Northern Territory. Exercise aircraft are based at either **RAAF Darwin or RAAF Tindal** (near Katherine), with USAF B-52s also flying round trips from Guam in support.

This year's exercise saw the first participation by the UAE, who flew six Mirage 2000-9s from 10Sqn based at Abu Dhabi, supported by two A.330MRTTs and three C-17As.

Due to the lack of parking at both bases during the three week exercise, support aircraft are required to return home, or in the case of the UAE C-17As, relocate elsewhere (in this case Singapore) until returning to escort the fighters home.

Support aircraft noted during the duration of the exercise at **Darwin** were as follows:-
