EDITORIAL

Welcome to the last issue for 2014. It has been quite an eventful year and I hope the Editorial team have provided you with a varied and interesting magazine during 2014. However, we are always interested in your comments and suggestions on ways to improve or expand the magazine's contents. The only constraint on change is that we cannot increase the paper magazine size beyond the current maximum number of pages (this is set at 64 pages and to increase on this number would mean a significant increase in subscription rates). There is one option we can use for increasing the overall news and articles beyond these 64 pages, we can always add stand alone regular additions/sections to our sister magazine - @MAR!

The Foreign section has had to be truncated again this month due to lack of space (we could have added at least another 20 pages), but we should get the large number of interesting reports from outside Europe into the January and February issues in 2015. We always have to sacrifice the Foreign Section as this is the last section to be completed each month and it is always constrained by the number of pages left out of the total of 64 we can go up to.

MAR PDF Files will be removed on Jnaury 10th @MAR Files will be removed on January 25th

BRITISH REVIEW

As the end of this year comes to an end and this marks my 31st edition since taking over the position of MAR UK Editor. The tasks at times have been hard but overall I could not do the work without the dedication from the monthly reports I receive without fail. For this I would like to thank every one of you personally, but that would take too long, so I thank you all and please keep the logs coming. Next month will contain the usual full UK Fleet rundown. And finally all I have to say is Happy Christmas and a Happy New Year to you all.....Mick Boulanger (Military movements is history, now and for our future)

ZG705/118 has transferred from ATTAC CMU Marham to 31 Sqn/Marham Wing (adds to last months notes)

ZG750/128 has transferred from ATTAC CMU Marham to 31 Sqn/Marham Wing

Note: It has been announced that 2 Sqn will be re-equipping from the Tornado GR.4 at Marham to the Typhoon FGR4/T3 at Lossiemouth during January 2015. A few as yet fully identified Typhoons have been seen at Lossiemouth and one of them may be a new "Shiney2" specially marked aircraft. More details next month. Also 12 Squadron will reform on Tornado GR.4 at Marham. 9 Sqn have been deployed to Akrotiri, Cyprus replacing 2 Sqn on Operation "Shader" duties by the time these words are read.

The lack of Fleet Patrol squadron markings is due to constant reshuffling of retiring P-3s and new P-8s.

The Australian Navy MH-60R was being acceptance tested by a 725 Sqn Detachment which receives two new Seahawks a month which are then flown down under by a RAAF C-17A.
